

Reference for Northbank Demolition Company

12<sup>th</sup> March 2018

For the attention of Ruth Richardson

I confirm that Northbank Demolition Company have recently carried out the demolition of the former Ridgeway High School, Noctorum, Wirral. They have been very co-operative and professional in all ways, and have embraced changes forced upon them due to the discovery of asbestos with a positive approach.

All labour and plant required arrives on site with the necessary certificates, which enables work to carry on as planned. Northbank have shown a good understanding of our health and safety requirements and are keen to take on board any particular requirements we may have in this regard.

I have been impressed with Northbank Demolition Company on this project and would have no hesitation in recommending them to others.

Regards

Graham Golding  
Senior Quantity Surveyor
